

DIGITIZATION OF CULTURAL HERITAGE OF RIGA ART NOUVEAU CENTRE AND DEVELOPMENT OF VIRTUAL MUSEUM

Project description: After the creation of the Riga Art Nouveau Centre in 2006, in 2009 the Riga Art Nouveau Museum was opened with an objective to position Riga as a European and world scale Art Nouveau metropolis. The museum preserves Art Nouveau tangible and intangible values, making an original collection of the epoch and exhibiting it in an authentic environment – an Art Nouveau interior. To promote an effective activity of the museum, a creation of a virtual exhibition and a Riga Art Nouveau cultural heritage data base, as well as digitalization of the museum's collection is planned to be carried out within the Programme.

Project activities:

1. Project administration;
2. Digitalization of cultural heritage and creation of a database of the Riga Art Nouveau Centre;
3. Elaboration of the digital exhibition project and creation of the digital exhibition;
4. Publicity.
