

## **RECONSTRUCTION OF THE MUSEUM OF LITERATURE AND MUSIC**

**Project description:** The Museum of Literature and Music (Pils laukums 2, Riga) offers diverse services of lifelong learning for vast social groups by interpreting the causal relationship of literature and music development processes. The museum creates both long and short term exhibitions, using historical documents from local and foreign collections to highlight the international connections and influences of the Latvian culture. Nevertheless, the activity of the museum is being held back by the bad technical state of the building it is residing in, as well as the lack of contemporary exhibitions.

### **Project activities:**

1. Exchange of experience with project partners in Norway;
2. Renovation of the building the museum resides in;
3. Improvement of the museum, as well as creation of new exhibitions;
4. Project administration;
5. Publicity.
