Short overview of your organisation (key activities, experience)	<p>Release is driven by the belief that restoration is possible for every person. We envision an Ireland where people with offences are treated with dignity, supported to live transformed lives, and make positive contributions to their communities. We provide services in 2 Dublin prisons serving over 135 men.</p> <p>Our Mission- 58% of prisoners in Ireland reoffend within three years. For many of these offenders, loss or lack of significant personal relationships and support was the most significant factor in their decision to commit a crime. We work with minority groups who are excluded from society and assist with their reintegration.</p> <p>Release interrupts the revolving door of imprisonment by connecting prisoners with our trained volunteers from the community for mentoring. These mentors build relationships and self-esteem, provide consistency and accountability, and help prisoners to achieve goals – such as assessing employment opportunities which are proven interventions in the prevention of crime.</p> <p>Our Ethos- We are faith based but not faith biased, and serve all clients with the same uncompromising love, respect, and dedication; regardless of offence, religion, race, nationality, age, gender, sexual orientation, disability or family status.</p>
